WORK EXPERIENCE

Codar Tech Institute

2030 - PRESENT

Full Stack Developer and Tutor

- Designed and developed full-stack web applications using technologies such as Node.js, React, Express, and MongoDB.
- Managed databases (both relational and NoSQL) including MongoDB, MySQL, and PostgreSQL for various client projects.
- Taught full stack development principles to students, covering both front-end and back-end technologies such as HTML, CSS, JavaScript, Node.js, and databases.
- Developed course content and hands-on projects that provided students with real-world experience in building full-stack applications.

KAVIX DIGITALS

2019-2021

Front End Developer

- Developed and maintained responsive user interfaces using modern technologies such as HTML5, CSS3, and JavaScript.
- Collaborated with UX/UI designers to translate wireframes and mockups into high-quality, interactive web pages.
- Integrated APIs to enhance web application functionality, ensuring seamless data communication between the front-end and backend.

MD Dajok Inter Global

2017 - 2019

Managing Director and Team Lead

- Led the development and implementation of comprehensive marketing strategies that resulted in a 20% increase in brand visibility and a 15% growth in sales within the first year.
- Successfully launched and managed multiple cross-channel campaigns, including digital marketing, social media, and traditional advertising, resulting in improved customer acquisition and retention rates.
